

# We have some exciting news!

We're partnering with Cookbook Publishers to create a personalized cookbook that showcases the best recipes and we want your recipes to be included!

Personalized cookbooks can be used as fundraisers to raise funds and promote awareness in our community. Keepsake cookbooks capture memories of our favorite family and friend dishes so they can be passed on to our future generations. Cookbook Publishers is helping us accomplish our goal and we were hoping you would be able to help us as well.

We would appreciate three or four of your favorite recipes to be considered for our upcoming cookbook. The more recipes we collect, the better our cookbook will turn out. If we do select one or more of your recipes to be featured in our cookbook, we will print your name by each one.

If you're interested in helping us, please type or print carefully a favorite recipe on the backside of this paper. Submit only one recipe per form. If you need more forms, contact me using the information below and I will gladly send you as many as you need!

We are anticipating a great demand for our upcoming cookbooks and want to make sure we order enough of them. It would be incredibly helpful if you could indicate how many copies you would like to purchase. This way, we can reserve those copies for you and eliminate the possibility of running out of cookbooks.

Thank you so much for your recipe for our new cookbook! Feel free to contact me if you have any questions or need more recipe forms.
